Discipline and Behavior Management Policy

Praise and positive reinforcement are effective methods of behavior management for children. When a child receives positive, non-violent, and understanding interactions from adults and others, they develop good self-concepts, problem solving abilities, and self-discipline. Based on the belief of how children learn and develop values, this facility will practice the following discipline and behavior management policy.

<p>WE DO:</p> <ol style="list-style-type: none">1. Praise, reward, and encourage the children.2. Reason with and set limits for the children.3. Model appropriate behavior for the children.4. Modify the classroom environment to attempt to prevent problems before they occur.5. Listen to the children.6. Provide alternatives for inappropriate behavior to the children.7. Provide the children with natural and logical consequences of their behavior.8. Treat the children as people and respect their needs, desires, and feelings.9. Explain things to children on their levels.10. Use short supervised periods of "time-out."11. Stay consistent in our behavior management program.	<p>WE DO NOT:</p> <ol style="list-style-type: none">1. Spank, shake, bite, pinch, push, pull, slap or otherwise physically assault the children.2. Make fun of, yell at, threaten, make sarcastic remarks about, use profanity, or otherwise verbally abuse the children.3. Shame or punish the children when bathroom accidents occur.4. Deny food or rest as punishment.5. Relate discipline to eating, resting, or sleeping.6. Place the children in locked rooms, closets, or boxes as punishment.7. Allow discipline of children by children.8. Criticize, make fun of, or otherwise belittle children's parents, families, or ethnic groups.
